

Clean APPROACH™

HDS-W SOLUTION DISPOSAL INSTRUCTIONS

Obtain pH papers or pH test kit from swimming pool (chemicals) supply store.

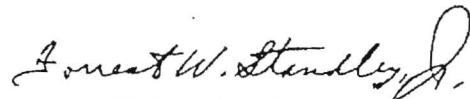

Wear: Apron, goggles and gloves

Neutralize HDS-W solution* by pouring vinegar slowly into the solution while stirring...
check pH frequently. Do not allow solution to boil - let cool as necessary.

pH target: 6 - 9 (6.5 - 8.5 if possible)

Pour neutralized cool solution down any normal sink drain.

*Experience may dictate neutralizing small (1 gallon) increments for ease of handling.
